IMPORTANT INFORMATION FOR OUR PATIENTS

Filling Your Prescription Just Got Quicker and Easier

Our office has switched to electronic prescribing, also called "e-prescribing." That means we will send your prescription to your pharmacy via a computer or handheld device.

Tell us where you'd like your e-prescription

sent: Use the form below to tell us which pharmacy you'd like your prescription sent to. Not sure where it's located? Provide the nearest cross streets, or we can suggest a pharmacy close to this practice. We will always confirm which pharmacy you'd like to use before your prescription is sent electronically. This information will help speed the process.

Keep in mind, your prescription may not always be ready as soon as you arrive at the pharmacy. Occasionally, you may receive a paper prescription as electronic transmission of prescriptions for certain drugs is prohibited by law.

E-Prescriptions are:

- ✓ **Fast:** Your prescription is sent to your pharmacy before you leave our office.
- ✓ **Convenient:** There is no need for an extra trip to the pharmacy to drop off your paper prescription.
- ✓ **Legible:** There is no handwriting for the pharmacist to interpret. Instead, you get a printed receipt with your prescription and pharmacy details.
- ✓ **Secure:** E-prescriptions are sent through a private, secure network — not over the Internet or by e-mail.
